

## Bradleys Both Community Primary School

### Friday 3<sup>rd</sup> May 2024

Dear Children, Parents and Staff,

#### Tempest School Photos

It was lovely to welcome Karen and Jane to school on Tuesday from Tempest Photography. The photographers, along with a bit of help from Mrs Scarr worked through individual, family groups and whole class photos. The proofs for individual and family group photos were sent home on Tuesday with details of how to order you photos. The whole class photos were sent home yesterday afternoon and are now available for you to order.

#### Class 2 Tennis Festival

The Class 2 children visited Sandylands Sports centre and Skipton Tennis Centre this morning to participate in the Schools Sports Partnership Tennis festival. It was a fun morning where the children worked with Jonny, Adam and the rest of the team of coaches.

#### Science Workshops and Family Show - Thursday 9<sup>th</sup> May

Next Thursday the Friends have funded a visit to school by the Royal Institute for Science to come to school to share their interest and passion for science with our children. The RI is the largest, national provider of Science shows for schools, with a wealth of experience in making Science for kids engaging and fun!

The visit from the RI includes a Science show for KS1, a Science show for KS2, training and updates for staff and a Community Family Science show for our families to attend. This will be a great opportunity for you to share live Science with your child, and the best bit is it's FREE for you all to attend! We are grateful to the Friends who have kindly funded this whole experience for us. The community show differs from what the children will have seen through the day, it is aimed at mixed age groups, and is full of ideas for all of the family to get involved with science. We look forward to seeing you all at 5pm on Thursday.

#### Medication

Please can I remind everyone that ALL medicines must always be signed in at the school office by the children's parent or carer. The children's prescribed medicine can be administered by school staff and will be stored safely until it needs to be administered. Children should never bring medicines into school to be self-administered.

Please see the below link to medication form now found on the school website.

<https://www.bradleysbothcpschool.org.uk/parents/school-forms/>

#### Plant Donations please

We are currently in the process of preparing our school garden for the village Open Gardens event. We wondered if over the next couple of weeks you would consider donating any spare bedding plants or summer plants that we could put in our tubs, flowerbeds or wellie boot planters. Please bring your donations to the picnic table outside the playground back door and we will put them safely ready to use. Thank you in advance for your kind help with this.

#### Parking at drop off and collection

Please can we respect our village neighbours by ensuring that we do not park across driveways or block access when dropping children off or collecting them at the end of the day. We try to be good neighbours to the local residents and it must be extremely frustrating when someone lacks thought if only for a couple of minutes.

Thank you in advance for your help and support with this.

A special mention for tomorrow for all you Star Wars fans ... *'May the 4<sup>th</sup> be with You!'*

Please don't forget it is **Bank Holiday Monday** this week so enjoy a long weekend with your families and we will see you back at school on Tuesday 7<sup>th</sup> May.

I wish you a happy and safe weekend.  
See you Tuesday!

Kind regards  
Mr B Rogers

This week's pupil's Awards  
3<sup>rd</sup> May 2024

Class	Pupil of the Week	Resilience Award
Ocean Class 1	Luca	Grayson
