

Rainforest Class 2 Spring Term 2 Update

We've made it to the end of another busy term and are now ready for a rest!

In English we have been reading stories by the same author and creating our own story along a similar theme. Mrs Armitage was our main character with her dog Brakespear.

We tied in our English with our Geography topic this half term too and created information booklets about Mexico. Dinosaurs have also featured in our writing in the form of a poem about one we keep in a box!

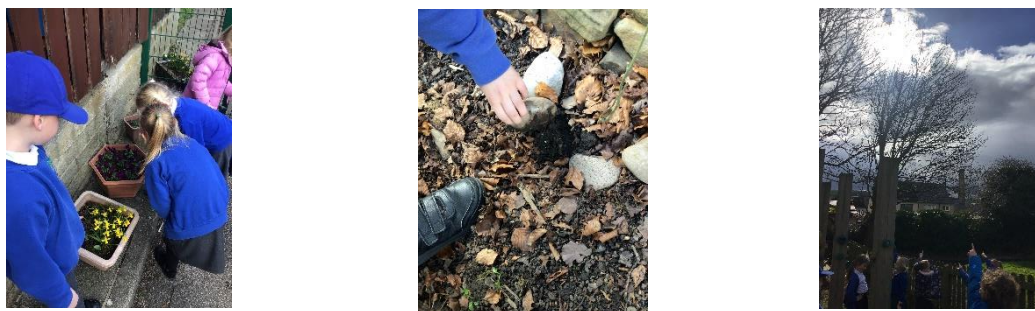

Maths has been very practical this half term, with the focus being on mass, capacity and length. We've been using standard and non-standard units for measuring and had lots of fun in the DT room exploring capacity.

Mrs Johnson has been teaching us DT this half term. We looked at a range of vehicles and noted their features. There were lots of similarities but also lots of differences. We designed our own vehicles on paper and then used boxes, axles and wheels to make them come alive! We really enjoyed this topic of learning and like playing with our moving vehicles.

As well as looking at habitats in Science the Year 1 children have also been looking for signs of Spring. With the sun shining it really does feel like it's arrived! Year 1 children went on a hunt around the school grounds looking for signs of Spring, but also looking for animals and their habitats.

Mexico has been our Geography topic this half term and we've enjoyed watching videos of Barnaby Bear exploring Mexico City. We've learnt lots about the city and the country and we have been comparing it to Bradley, London and England.
