

Bradleys Both Community Primary School

Friday 8th March 2024

Dear Children, Parents and Staff,

Climate Class Local Farm Visit

As part of Climate Class 4's curriculum topic of Farming, the children were lucky enough to visit a local, family run dairy farm, where they got the chance to see a state-of-the-art robotic milking system in place and how the farm is run.

We have a number of farming families within our school community and were really pleased to be able to extend the children's teaching and learning by visiting one of the local farms. We would like to say a huge thank you to Ian and Louise Throup and family, for taking the time out of their very busy day to show us round. The children absolutely loved their visit and learned such a lot. Thank you!

World Book Day

The children enjoyed World Book Day on Thursday by coming to school dressed up as their favourite book characters. In classes they talked about their favourite books and shared what they liked about their chosen character. We even had Miss Trunchbull covering some of our lessons! In the afternoon our older Key Stage 2 children chose stories to read to the rest of the school, working in small book groups all round the school building. Well done everyone for celebrating World Book Day!

Mother's Day Surprises!

Happy Mother's Day to all our Mums, Mummies and Mothers amongst us! Our wonderful Friends volunteers came into school on Tuesday afternoon to help the children with a little something special which I hope they share with you on Sunday! Thank you to the volunteers for all your help and support.

'How to Support Mathematics at Home' Parent Meeting - 19th March 3.30-4.15pm

The staff will be holding an after-school meeting for parents and carers to come and find out more about how we teach Mathematics with a focus on what you can do at home to support your child. We will be holding two meetings, one in Class 5 for parents of children in Years 3, 4, 5 and 6 and a second meeting in Class 1 for parents of Early Years, Year 1 and Year 2 children.

One of the most important elements of support is for your children to hear you all speaking positively about Maths. We know not everyone may have had such positive experiences when they were at school, but we are keen to share positive strategies with you and reinforce to your children how important Maths is in our everyday lives. We will be sending a support handout to all families following the parent meeting so don't worry if you are unable to attend.

The School Council Easter Egg Tombola

We would be extremely grateful for everyone to donate a chocolate Easter Egg for our annual Easter Egg Tombola on Thursday 21st March. Easter Egg donations can be brought into school from Monday 11th March, where the School Council will raffle ticket them ready for the tombola on Thursday 21st March. We are looking for a grand total of 124 eggs so that every child in school is able to join in the fun and take an egg home. There is no charge for this event.

Red Nose Day

Next Friday 15th March is Red Nose Day. We will be raising money for Comic Relief by wearing red to school. You could wear a red accessory, or you could wear everything red! It's up to you! Donations can be made directly to Comic Relief by visiting:
