FRIDAY NEWS

LEARN. INSPIRE. FLOURISH. ENGAGE

Friday 29th June 2018

THE SKIPTON ACADEMY OPEN MORNINGS

The Skipton Academy would like to invite the parents of KS2 pupils to visit for a tour on our Open Mornings on Tuesday 10th July—Thursday 12th July 9.30am—12.30pm. For safeguarding reasons please can we ask that appointments are booked prior to visit on telephone no. 01756 792965.

Film Club

The next film club is on the 4th July at 6pm in the school hall. Free Popcorn and juice will be available for all. Children do need to be supported by an adult. The film showing will be "Earth to Echo".

bradleyfilmclub@gmail.com.

Reading Challenge

NYCC Library Service is running the "Summer Reading Challenge" in all of its libraries. Children aged 4—11 are invited to read six books during the Summer holidays, collecting special stickers and rewards along the way, with a certificate and medal at the end if they complete the challenge. Sign up FREE at your local library from Saturday 14th July

National Youth Choirs tickets

We have some free tickets for the National Youth Training Choir & O Duo: Rytmus at 3pm on Saturday 4th August at Richard Whiteley Theatre, Giggleswick school, Settle, BD24 ODE. Please call into the school office if you'd like some. For more info visit: www.nycgb.org.uk.

Party Lunch

If your child would like to share a party lunch on Friday 20th July and doesn't normally have school dinners, please let the school office know and pay £2.20 on ParentPay. Thank you

Mrs Kirwin's kind requests

- Dinner money to be paid in advance please and any arrears paid
- Year 6 Leavers Film reply slips returned please
- Questionnaires returned please
- Return unwanted tickets / request tickets for Leavers performance please
- Small music group replies returned please

Dear Children, Parents and Staff

What an exciting start to Monday with the Key Stage 2 children all participating in a music workshop led by members of the Nation Youth Choir. The workshop involved reinforcement of musicianship and everyone learned a number of new songs and musical warm up activities. Congratulations to Class 3 who demonstrated a fantastic approach towards the afternoon with lots of energy.

We welcomed our new Reception children to school again on Wednesday for the morning. It was great to see everyone come into school happy and keen. Thank you to the children's parents who met with me to introduce our approaches to learning reading and phonics. We look forward to seeing the children on Tuesday when they will stay for school lunch.

Congratulations to the Year 3 and 4 Tag Rugby teams who played well in this week's tournament. Thank you Mr Mountain, Mrs Campbell and the children's parents for accompanying and supporting the tournament. The children represented our school really well.

We have sent home letters outlining which class your child will work in, in September. On Tuesday 3rd July is our school's New Class Transition Day. The children will move to their new class and spend the day with the teacher that they will be working with in September. A great deal of time, thought and care goes into grouping children in the constraints of the capacity of each of our five classes. Children should register in their current classes on Tuesday morning and then will join their new class after assembly. I hope that everyone will have a great day on Tuesday.

PLEASE can I remind everyone that it is our whole school SPORTS DAY on Saturday 7th July (next week). Children should arrive at school already in their school PE kit, with trainers please for 10.45am. Races will start at 11.00am on the field, weather permitting. Once the races are completed and the winning house announced the Friends will open our Summer Fair. Do please come along to support your children and our school. I look forward to seeing everyone on Saturday and to the weather being kind to us.

I wish you all a lovely weekend.

Kind regards

Barry

Learn, Inspire, Flourish, Engage

Airton Class

This week has been fantastic fun! We began the week with assessments in maths, and then on Wednesday, we welcomed the new EYFS children again, and we were very impressed with how wonderful and caring our children were with them. We continued to find out about the history of the canal and learned what cargo the boats used to carry to different places. Next week, we look forward to learning about Bradley Mill and finding out what it was used for in the past. On Thursday, it was lovely to be able to welcome parents to our assembly. We had super, loud voices and spoke confidently in front of the whole school. Mrs Sargeant is really proud of us! We had great fun at our swimming lesson this morning.

Please note: We have plenty of junk for our model making area at the moment. We will let you know when we are running short again. Many thanks.

Have a lovely weekend everyone.

Pupil of the week: Janie, for helping the new children settle in on their recent visits.

Maths Maestro: Wilkin, for 3D shape recognition and talking about their properties.

Cracoe Class

What a glorious week of sunshine! In Literacy this week Miss Wright shared with us the story die. Instead of numbers they have pictures and we were challenged to roll 3 of the die and create a story involving those three things. We are looking forward to writing them next week. In Numeracy we have continued to think about calculations and using empty number lines and tens and units to help us find the answers. We learnt about microhabitats in Science this week. We learnt about the animals that live in them and how they are suited to their environment. Yesterday afternoon we created butterflies using paper plates. We also re-released our own butterflies into the school garden too. We have one left in a chrysalis which we are hoping will hatch next week. We took advantage of the sunshine on Monday morning and went onto the field with Class One to practise for Sports Day which is a week on Saturday. Everyone did very well and we are looking forward to the real thing.

Pupil of the week: Penny, for always having a positive, enthusiastic attitude towards everything she does.

Maths Maestro: Sienna, for a great participation during maths on the carpet.

Farnhill Class

This week in Farnhill class the children have been learning about prefixes in English and how they change the meaning of words. The class have been defining the prefixes once added to the beginning of the words and putting them into context, writing a variety of sentences. It was great to see so many people at open doors this week. The children were able to share the Big Write Assessment, newspaper report on our school trip with family and friends, showcasing their wonderful writing. In mathematics, this week the class have had some money problems. The children have been adding the amount of money required to the cost of this different items. Additionally the children have been figuring out how much change they would receive for a range of items and contexts. Later in the week in PE that children have been practising rounders and the majority of the class had a wonderful time at Sandylands for their rugby tournament. To see how they got on at the Year 3/4 rugby tournament, please see the attached match report. Have a great weekend and enjoy the sunshine.

Pupil of the week: Titus, for his outstanding performance at the Rugby Tournament and a determined effort in the classroom.

Maths Maestro: Kody, for trying his best in Mathematics all week.

Linton Class

It has been a very warm week in Class 4! Thank you to those parents who managed to come to Open Doors, it is always lovely to see you and share our learning. In maths this week we have been learning how to multiply amounts of money and put the decimal point in the right place. We learnt to estimate first as a check-up. We then solved worded money problems, a very useful skill! In English we have been looking at information leaflets and deciding what makes them effective and how they persuade us to visit a place. We are now designing our own leaflets for Wycoller Park with photographs from our visit. We had a lovely, peaceful art afternoon in the heat, when some of us painted our pebbles and others painted watercolours of river birds and wildlife. In Science Year 4 have been investigating forces and using forcemeters to measure gravitational pull in Newtons, meanwhile, Year 5 used Scratch to work on programming with Mrs Wood. Next week we will swap over. We had a fantastic music afternoon on Monday with visitors from the youth choir, we learnt songs in a round and how to create beat box rhythms with our bodies.

Pupil of the week: James B., for careful effective watercolour painting.

Maths Maestro: Josh, for skilful problem solving with Mrs Hall.

Grassington Class

First of all a big 'Thank you' to everyone who has supported the Year 6 Enterprise Project. We apologise to those of you who have not yet received your 'Twisty Fun' cube but the boys have taken on a mammoth task personalising each one and of course we are awaiting a new order too.

All the children have enjoyed taking part in the project and we will be able to reveal how much money was raised and announce the winning team next week. The winners are not necessarily those who make the most money: we look for organisation and efficiency too.

We have continued with problem solving maths activities this week and practised our mental maths skills. In literacy we have been looking at how we can use personification in poetry and have written some very imaginative 'colour' poems. This morning, in science, we have been looking at how our lungs work and carrying out some fun investigations.

Pupil of the Week: Isobel, for her 'Colour' poem.

Maths Maestro: Emily, for confident calculation.

Dates

- 3.7.18 - Ermysteds Year 5 Open Evening 6-8pm
- 4.7.18 - Year 6 Puberty Talk
- 5.7.18 - Skipton Girls High School Open Evening 6 - 8.30pm
- 7.7.18 - Sports Day and Summer Fair
- 10.7.18 - Year 6 High Adventure visit
- 10.7.18 - Year 5 Puberty Talk
- 17.7.18 - Leavers Performance 6.00pm
- 19.7.18 - Class 5 Local Walk
- 20.7.18 - Leavers Assembly 9.15am
- 4.7.18 - South Craven Year 5 Open Evening 6pm
