FRIDAY NEWS

LEARN. INSPIRE. FLOURISH. ENGAGE

Friday 6th July 2018

THE SKIPTON ACADEMY OPEN MORNINGS

The Skipton Academy would like to invite the parents of KS2 pupils to visit for a tour on our Open Mornings on Tuesday 10th July—Thursday 12th July 9.30am—12.30pm. For safeguarding reasons please can we ask that appointments are booked prior to visit on telephone no. 01756 792965.

Disco Tuesday 10th July

This year, its just £1 on the door for the disco, no tickets required. As always KS1 is from 6.00pm—7pm and KS2 is from 7.15pm—8.30pm. Thank you.

Reading Challenge

NYCC Library Service is running the "Summer Reading Challenge" in all of it's libraries. Children aged 4—11 are invited to read six books during the Summer holidays, collecting special stickers and rewards along the way, with a certificate and medal at the end if they complete the challenge. Sign up FREE at your local library from Saturday 14th July

National Youth Choirs tickets

We have some free tickets for the National Youth Training Choir & O Duo: Rytmus at 3pm on Saturday 4th August at Richard Whiteley Theatre, Giggleswick school, Settle, BD24 ODE. Please call into the school office if you'd like some. For more info visit: www.nyccb.org.uk.

Party Lunch

If your child would like to share a party lunch on Friday 20th July and doesn't normally have school dinners, please let the school office know by the latest Friday 13th July. Thank you.

Leavers performance

Tickets still available for 6.00pm Tuesday 17th July.

Mrs Kirwin's kind requests

- Dinner money to be paid in advance please and any arrears paid
- Parent Questionnaires returned please
- Tickets available for Leavers Performance, from the school office (tickets are free)
- Report feedback slips returned please

Dear Children, Parents and Staff

Thank you everyone for all your hard work and efforts over this last week. The teaching staff have worked very hard to complete the children's end of year reports alongside our end of year assessments.

We had a very successful transition day on Tuesday where the children spent the whole day in their September class. It was great to welcome our new recruits to Bradleys Both. The new Early Years Reception children stayed for lunch and had a really super morning. It was lovely to see our new group of Year 6 children altogether and talk about their role as role models in our school.

Thank you for returning both the end of year questionnaires and your parent comment sheets from end of year reports. These will help to evaluate our work at Bradleys Both.

Tomorrow (Saturday 7th July) is our annual SPORTS DAY and SUMMER FAIR. Please can children arrive at school at 10.45am already dressed in their school PE kit with outside trainers. Please also remember to bring a hat, have sun cream applied before our races start. We will bring water bottles out for the children. Children will sit under the trees to provide shade at the bottom of the field for a Races will start at 11.00am and then our Summer Fair starts once the awards ceremony is completed, at around 12.00. I really hope you will all come along and support the Friends and school. Timings should hopefully work out to enable everyone to get home afterwards for the World Cup match at 3.00pm!

PLEASE CAN EVERYONE REMEMBER TO PARK CONSIDERATELY TO ENSURE THAT THE LOCAL RESIDENTS ARE STILL ABLE TO ACCESS THEIR DRIVEWAYS AND WE DO NOT CAUSE RESIDENTS INCONVENIENCE. THANK YOU IN ADVANCE FOR YOUR HELP WITH THIS.

I look forward to seeing everyone in the morning for a fantastic Sports Day and Summer Fair.

Kind regards
Barry

Learn, Inspire, Flourish, Engage

Airton Class

This week we have enjoyed practising for sports day on Saturday. We are very excited about competing in our races. On Wednesday, we made our own musical instruments out of junk. They looked great! Poetry was the order of the day for our literacy lessons this week! We created our own minibeast poems, and tried to make them rhyme. We were encouraged to use adjectives and some of us managed to include alliteration. In maths, we looked at division and being able to share out amounts between different numbers of people. We were able to write the number sentences to match, too. On Thursday, we continued our history topic about Bradley. We re-capped on the use of the canal and looked at the use of the mill, past and present. Next week, we will look at the history of the school; the building itself and the students. Any books, photographs or information which may be useful for us to borrow, will be gratefully received. We promise to take good care of them. Thank you in advance. See you on Saturday for sports day, before we go home to watch the football.
COME ON ENGLAND!

Pupil of the week: Alfie , for his excellent reading.

Maths Maestro: Asha, for her great understanding of division and simple number problems.

Cracoe Class

This week in literacy we have completed our stories. We planned them last week using Miss Wright's story die and we finished writing them on Wednesday. Some stories are very strange because of the items we rolled but we had great fun coming up with our stories and writing them. In numeracy we have looked at data handling. We had a whole morning spent on numeracy; In the first part of the morning we had to come up with our own question and possible answers. We then asked everyone in the class our question and created a tally chart. After break and assembly we then drew bar charts in our books showing what we had found out. This morning with Miss Bell we have interpreted different data and used words such as most popular and least popular to describe the bar charts and tally charts. Yesterday afternoon we created posters about Nelson Mandela bringing our topic about him to a close. We have enjoyed learning about him and have learnt that everyone should be treated fairly - it doesn't matter what they look like or where they come from. The Year 2 children had a great time with Mr Mountain in Class Three on Tuesday and even brought a sunflower home to see who can grow the tallest. The Year One children stayed with Miss Wright and were joined by the rest of Year One from Class One and some Reception children. They had fun decorating things for displays to be put up in September and thinking about their likes and dislikes and what they'd like to be when they grow up - we have a princess and a police man, to name a couple, in the pipe line!
We're looking forward to Sports Day and the Summer Fair tomorrow - please make sure you are at school in your PE kit ready for races to start at 11am.

Pupil of the week: Seth, for a mature attitude.

Maths Maestro: Sophie, for a clearly presented bar chart.

Farnhill Class

This week in Farnhill class, the children have been learning about word families and identifying how words change in the past tense and present tense. Additionally, In English the class have been furthering their understanding of prefixes and defining new words that they put together. In science, the children studied William Smith and understood his contributions towards geology as well as his life achievements and misfortunes. After learning about his discoveries, the class designed an island with fossils in different areas from different time periods. In pairs they had to discover the name of the fossils and how old it they were by determining the layer of rock they were located in which supported them in finding out their age. Some fossils dated to over 500 million years old. In French, the class have been designing a poster and labelling classroom objects in French alongside an English translation. In mathematics, the class have been adding and subtracting using money for a range of purposes and contexts and identifying how much change they would receive when provided with alternate amounts of much such as £1, £2, £5 or £10. See you tomorrow at sports day, hopefully it is coming home too, come on England!

Maths maestro: Chloe, for a complete grow in confidence with her mathematical ability over the academic year.

Pupil of the week: William, for his commitment and determination with his weekly spellings.

Linton Class

Another warm week in Class 4, this week we enjoyed our transition day and met the new children who will join us in September.

In maths we have been practising short division strategies and giving the remainder as a fraction or a decimal, again we need to know our multiplication tables. With Mrs Wolstenholme we have been translating shapes. In English we have designed our own leaflets for Wycoller Park, trying to persuade the public to come with our interesting designs and information. In art we finished our watercolour paintings of river life, they are beautiful. In Science we learnt about the life of Isaac Newton and continued to use a forcemeter to measure gravitational pull. Our ICT lesson was fun with a Wimbledon theme, we used Scratch to program a bat and ball game with the sprites. Also this week we have been practising our running skills and having races ready for Sports Day. We designed an obstacle race with a variety of equipment, we had to use our problem solving skills. Well done to those children who played musical instruments and performed in front of the whole school, we were all very impressed! In music we are learning the songs to support the year 6 performance.

Pupil of the week: Jensen, for great PE skills.

Maths Maestro: George, for improved recall of multiplication tables.

Grassington Class

We had a very small class on Monday and Tuesday when 10 of the year 6 children were out visiting their new school-everyone came back buzzing with excitement; they can't wait to get there!

On Tuesday we welcomed next September's year 6 and some of the year 5's into our class and enjoyed showing them around and taking part in a maths investigation and completing work for our cloakroom display. It was lovely to meet everyone and discuss our learning for next term.

All the parts have been given out for our end of year 6 performance and we now need to make sure we are ready to start rehearsing in earnest next week-the first performance is a week on Monday. Please make sure you practise over the weekend.

We finally announced the winners of our Enterprise Project 2018 in assembly this afternoon. It was a difficult decision to make as all the children had worked hard to make it a success. As we always explain, it's the most organised and efficient group who win, not necessarily the most profitable. This years' winners are...Pop-Toys! Well done to all the members of the group and 'Thank you' to everyone who has supported the venture.

Pupil of the Week: Lynden, for always doing his best.

Maths Maestro: Amber, for improved confidence in problem solving.

Dates

7.7.18 - Sports Day and Summer Fair

10.7.18 - Year 6 High Adventure visit

10.7.18 - Year 5 Puberty Talk

17.7.18 - Leavers Performance 6.00pm

19.7.18 - Class 5 Local Walk

20.7.18 - Leavers Assembly 9.15am

Training Days 2018/2019

Monday 3rd September 2018

Tuesday 4th September 2018

Monday 7th January 2019

Monday 29th April 2019

Monday 22nd July 2019
