

Health and Safety at Work etc Act 1974

**THIS IS THE HEALTH AND SAFETY STATEMENT OF**

**Bradleys Both Community Primary School**

**Our statement of intent is:**

- Implement the requirements of NYCC's Health and Safety Policy;
- to make adequate arrangements for the health, safety and welfare of staff and pupils;
- to provide adequate control of health and safety risks arising from our work activities;
- to consult with our employees on matters affecting their health and safety;
- co-operate with the LEA in matters related to health and safety;
- to provide and maintain safe plant and equipment;
- to ensure safe handling and use of substances;
- to provide information, instruction, and supervision for employees;
- to ensure all employees are competent to do their tasks, and to give them adequate training;
- to prevent accidents and cases of work-related ill health;
- to maintain safe and healthy working conditions; and
- to review and revise this policy as necessary at regular intervals.

Signed: *Barry Rogers*

Headteacher

Signed: *John Midgley*

Chair of Governors

Date: 12<sup>th</sup> November 2019

Review date: November 2020

# HEALTH AND SAFETY POLICY

## RESPONSIBILITIES

**Overall responsibility for health and safety within the school is that of:**

### NOTE

**Mr Rogers (Head Teacher)**

**John Midgley (Chair of Governors)**

Insert the name of the Headteacher and the Chair of Governors, (or the Governor with responsibility for health and safety).

**Day to day responsibility for ensuring this policy is put into practice is delegated to:**

**Mr Rogers (Head Teacher)**

If the Headteacher is not always there, or does not have time to manage on a day-to-day basis, you can delegate this role to someone else, e.g. Deputy Headteacher, Head of Year, Premises Officer etc. Ensure that the person with overall responsibility is kept informed of health and safety matters – it will still be their overall responsibility

**To ensure health and safety standards are maintained/improved, the following people have responsibility in the following areas:**

**Name: Mrs Susan Nelson**

**Responsibility: Health & Safety Governor**

Delegate functions to people within your organisation either by specific areas within the workplace or by topic. Include their specific responsibilities in their job descriptions (if they have one).

Ensure that they are competent to undertake their health and safety responsibilities and have adequate resources to enable them to do their job properly.

It is important that responsibilities are clearly set out – this will make sure that if there are any health and safety concerns they can be reported to the right person, so they can be dealt with.

You may wish to insert a diagram or chart showing your management structure/arrangements.

**Specific responsibilities for head teachers, managers, heads of departments and staff can be found in NYCC Corporate Health and Safety Policy 2015**

Employees have legal responsibilities to take care of the health and safety of themselves and others, and to co-operate with management to help comply with the law.

**School Office / Policy File**

Equally, if employees have any concerns over health and safety issues, they should be clear about whom they should tell, so that concerns can be addressed.

**All employees have to:**

- **co-operate with supervisors and managers on health and safety matters;**
- **not interfere with anything provided to safeguard their health and safety;**
- **take reasonable care of their own health and safety and of others; and**
- **report all health and safety concerns to an appropriate person (as detailed in this policy statement).**

# ARRANGEMENTS

## HEALTH AND SAFETY RISKS ARISING FROM OUR WORK ACTIVITIES

**Risk assessments will be undertaken by:**

**Mr Rogers and the staff member undertaking activity**

### NOTE

You must assess risks to the health and safety of anyone who may be affected by your work activities, so that you can weigh up whether you have done enough or need to do more to comply with the law.

**The findings of the risk assessments will be reported to:**

**All staff**

You will find some examples of key areas that you should consider, at the end of this guidance.

You will need to involve a number of different people including your safety representatives and employees, to do the risk assessments.

**Action required to remove/control risks will be approved by:**

**Mr Rogers and the staff member undertaking activity**

You will need to record the significant findings of your risk assessments in a separate document. Your policy statement only records your arrangements for ensuring the assessments are done, and are kept up to date.

**The person responsible for ensuring the action required is implemented is**

**Mr Rogers and the staff member undertaking activity**

Once you have done your risk assessments, you must take the necessary action to remove or reduce the risk as far as is reasonably practicable.

**Checks that the implemented actions have removed/reduced the risks will be carried out by:**

**Mr Rogers and the staff member undertaking activity**

You can find more guidance in HSE's free leaflets for example:

- Five steps to risk assessment INDG163 (rev1) 1998
- A guide to risk assessment requirements: Common provisions in health and safety law INDG218 1996

HSE Books Tel: 01787 881165.

[www.hsebooks.co.uk](http://www.hsebooks.co.uk)

[www.hse.gov.uk](http://www.hse.gov.uk)

**Assessments will be reviewed:**

**In the event of an accident, annually or when the work activity changes, whichever is soonest.**

Your **HandS Safety Risk Adviser** will provide help and guidance on risk assessment.

# ARRANGEMENTS

## CONSULTATION WITH EMPLOYEES

<b>Employee Representative(s) are:</b>	<b>NOTE</b> You must consult your employees.
N/A	If you recognise a trade union and that trade union has appointed a safety representative, you must consult them on matters affecting the employees they represent.
	If you do not have trade unions, you must consult employees, either directly or through an elected representative.
	You may to use your works committee or another meeting as a forum for consultation.
<b>Consultation with employees is provided by:</b>	If you have a health and safety committee, you could list what it does, who is on it and how often it meets
Agenda item on staff weekly meetings	
Staff briefing and noticeboard	
Training Days	

# ARRANGEMENTS

## SAFE PLANT AND EQUIPMENT

**Identifying equipment/plant, which will need maintenance is the responsibility of:**

**Mr Rogers  
MASS  
Building Cleaning Services**

**Ensuring effective maintenance procedures are drawn up is the responsibility of:**

**Mr Rogers  
MASS  
Building Cleaning Services**

**The person responsible for ensuring that all identified maintenance is implemented is:**

**Mr Rogers  
MASS  
Building Cleaning Services**

**Problems with plant/equipment should be reported to:**

**Mr Rogers  
MASS  
Building Cleaning Services**

**Checking plant and equipment health and safety standards before purchase is the responsibility of:**

**Mr Rogers  
MASS  
Building Cleaning Services**

### NOTE

You will need to ensure that all plant and equipment (e.g. ladders, electrical equipment, machinery guarding) that requires maintenance (e.g. checks, servicing, thorough examinations) is identified and that the maintenance is done.

It may be worthwhile using a logbook to record the maintenance checks.

When buying new or second hand plant and equipment, you must check it meets health and safety standards before buying it.

You can find more guidance in HSE's publication:

- Buying new machinery INDG271 1998

# ARRANGEMENTS

## SAFE HANDLING AND USE OF SUBSTANCES

**Identifying substances which need a COSHH assessment is the responsibility of:**

Mr Rogers  
MASS  
Building Cleaning Services  
Dolce  
Skeltons

**The person(s) responsible for undertaking COSHH assessments is/are:**

Mr Rogers  
MASS  
Building Cleaning Services  
Dolce  
Skeltons

**Ensuring that all actions identified in the assessments are implemented is the responsibility of:**

Mr Rogers  
MASS  
Building Cleaning Services  
Dolce  
Skeltons

**The person responsible for ensuring that relevant employees are informed about COSHH assessments is:**

Mr Rogers  
MASS  
Building Cleaning Services  
Dolce  
Skeltons

**Checking that substances can be used safely before they are purchased is the responsibility of:**

Mr Rogers  
MASS  
Building Cleaning Services  
Dolce  
Skeltons

**Assessments will be reviewed:**

In the event of an accident, annually or when the work activity changes, whichever is soonest.

### NOTE

You must assess the risks from all substances hazardous to health. These are known as Control of Substances Hazardous to Health (COSHH) assessments.

You should do assessments on all substances you use (e.g. adhesives, paints, cleaning agents, solvents) and substances generated from work activities (e.g. dust, fume, vapour)

Your assessment should identify any health risks. If there is a risk, you should take steps to remove or control the risk.

# ARRANGEMENTS

## INFORMATION, INSTRUCTION AND SUPERVISION

**The Health and Safety Law poster is displayed at:**

**Staff Room**

### **NOTE**

The Health and Safety Information for Employees Regulations 1989 require employers to display a poster (or to provide leaflets) telling employees what they need to know about health and safety.

**Health and safety advice is available from your Hands Safety Risk Adviser:**

**Mike Brown  
07814 889521**

You are required to have access to competent advice, either in house or, if not available, external.

**Supervision of young workers and trainees will be arranged/undertaken/monitored by:**

**Mr Rogers**

If you have young workers and/or take on trainees or students on work experience, you will need to ensure that they are properly instructed and supervised.

You must also do specific risk assessments for young people – you need to take account of their inexperience, lack of awareness of risks and immaturity.

**Ensuring that our employees working at locations under the control of other employers, are given relevant health and safety information is the responsibility of:**

**Mr Rogers**

If your employees go to work for another employer on your behalf e.g. on secondment you will need to check that they are given relevant health and safety information for that location by that employer/company.

# ARRANGEMENTS

## COMPETENCY FOR TASKS AND TRAINING

**Induction training will be provided for all employees by:**

**Mr Rogers  
SLT / Office Staff**

### **NOTE**

All employees must be given health and safety induction training when they start work. This can be combined with other useful information (e.g. pay, leave and hours of work). It needs to cover basic health and safety such as first aid and fire safety.

**Job specific training will be provided by:**

Employees will need job-specific training, which includes the health and safety aspects of the job.

**NYCC training dept.  
Mr Rogers  
HandS Service**

You also have to provide health and safety training for people when risks change, or periodically, e.g. if skills do not get used regularly.

**Specific jobs requiring special training are:**

Some jobs will require additional special training (e.g. manual handling, driving etc.)

**Asbestos/Legionella training**

You may wish to refer to your school development plan. It is important to keep records of training (even training you have provided in-house) to show that employees have received training.

**First Aid training**

**Fire Awareness training**

You should monitor the training records, so that refresher training is given when necessary

**Working at heights**

NYCC CYPS has a commitment to provide health and safety training to Headteachers, Governors and Lead Officers etc. For further details of the courses available please contact:

**Manual handling  
Educational Visit Training**

**Training records are kept:**

- **NYCC LEARNING ZONE**
- **HandS SERVICE 01609 532545**

**In Health & Safety file**

**Training will be identified, arranged and monitored by:**

**Office Staff  
Mr Rogers**

# ARRANGEMENTS

## ACCIDENTS, INCIDENTS, FIRST AID AND WORK-RELATED ILL HEALTH

**Health surveillance is required for employees doing the following jobs:**

**Display screen assessments for computer operative.**

**Health surveillance will be arranged by:**

**Mr Rogers  
NYCC Health and Wellbeing.**

**Health surveillance records will be kept:**

**In Health & Safety Document Management file**

**The first aid box(es) are kept at:**

**Girls' toilet  
Class 1  
Main kitchen  
Trip first aid kit stored in girls toilet**

**The appointed person(s)/first aider(s) is/are**

**8 members of staff are Paediatric first aid trained  
14 members of staff are Emergency First Aid at Work (EFAW) trained  
Whole school epipen and asthma awareness training**

**All accidents and cases of work-related ill health are to be recorded in the accident book. The book is kept in the office**

**The person responsible for reporting accidents, diseases and dangerous occurrences to the NYCC Education Health and Safety section is:**

### NOTE

Employees must receive health surveillance for certain work (e.g. work with lead, chrome, asbestos, noise, isocyanates and some chemicals). This will identify any health problems early on so that action can be taken before an employee's condition worsens.

- **Refer to NYCC Occupational Health - 01609 785780**

Your COSHH assessments should identify all areas and the type of health surveillance needed.

Your records should contain details of the employees, the health surveillance procedures, dates and conclusions. The health care professional doing the surveillance will hold the actual medical records, as these are confidential.

Providing immediate first aid can prevent minor injuries becoming major ones.

As a minimum you must have a first aid box and an appointed person to take charge of first aid requirements. You can find more information in HSE's free leaflets:

- First aid at work – your questions answered INDG214 1997
- Basic advice on first aid at work INDG215 (rev) 1997.

Recording accidents (even minor ones) means you can see whether you have a problem in a particular area

You must report accidents to:

**CYPS Health and Safety 01609 532589.**

Follow the procedures outlined in the CYPS Health and Safety Policy and Guidance Manual.

Mr Barry Rogers

## ARRANGEMENTS

### MONITORING

**To check our working conditions, and ensure our safe working practices are being followed, we will undertake:**

HTs weekly site inspection  
Legionella testing  
Asbestos inspection  
Termly Visual H & S inspection  
School Hands Service Inspection  
PAT testing  
Fixed appliance electrical testing  
Extraction fans maintenance  
Prioritised programme of risk assessment  
Boiler room annual inspection  
Gulleys and Gutters checked and cleaned  
Pest control (if required)  
Sports and Gym equipment maintenance

**The person responsible for investigating accidents is:**

Mr Rogers

**The person responsible for investigating work-related causes of sickness absences is:**

Mr Rogers  
NYCC Health and Wellbeing

**The person responsible for acting on investigation findings to prevent a recurrence is:**

Mr Rogers  
NYCC Health and Wellbeing

#### NOTE

You must be able to show that you are checking working conditions and systems of work, i.e. that you are monitoring health and safety.

You can do this both actively and reactively, i.e. before and after something goes wrong.

**Actively** - you or other appointed person can carry out inspections, have reports submitted to you by managers, do spot check visits, safety representative inspections, etc.

Trade union safety reps have the right to carry out inspections and investigate accidents.

**Reactively** - you can investigate any accidents or sickness absences that occur.

Investigating accidents is a useful way of reviewing your safety systems – ask yourself why the accident really happened and what you can do to stop it happening again.

Similarly, if you have a number of employees absent because of similar ailments, this might mean there is a problem with their jobs causing ill health.

When you find out what went wrong – put it right.

# ARRANGEMENTS

## ASBESTOS RISK MANAGEMENT

The Responsible Officer for asbestos management is:

Mr Rogers

The Asbestos Risk Management file is kept in:

Admin Office

Site plans showing the location of asbestos containing materials (ACM's) are kept in:

Admin Office

Ensuring that contractors are made aware of the location of ACM's and that they sign the relevant permit to work is the responsibility of:

Mr Rogers and the School Administrator

Asbestos risk assessments will be undertaken by:

Mr Rogers

Visual inspections of the condition of ACM's will be undertaken by:

Caretaker - BCS

Records of the above inspections will be kept in:

Admin Office

### NOTE

**Responsible Officer** - All schools must have a Responsible Officer to oversee the management of asbestos risk. This will usually be the Headteacher.

**Policy and Procedure** - The yellow 'Asbestos Risk Management' file outlines NYCC policies and procedures for managing of risk arising from asbestos containing materials (ACM's)

**Surveys** - A type two survey of the premises should be available, with the location of ACM's identified on a site plan.

A type three survey must be undertaken before any invasive construction/demolition work commences, unless it is absolutely certain that no ACM's are present in the work area.

**Contractors** - The location of ACM's indicated on the plan must be brought to the attention of all contractors coming on site. The permit to work confirming this fact must be completed by the contractor before work commences.

**Risk Assessment and Inspection** - A risk assessment must be undertaken for all known ACM's. The level of risk will depend on the type of material, its location and its condition. Using the algorithm attached to the survey a visual inspection programme of ACM's must be set up. The risk assessment will help you to establish the necessary frequency of visual inspections.

**Emergency Action** - The 'Asbestos Emergency Action Plan' should be readily available and brought to the attention of all staff.

---

## ARRANGEMENTS

### LEGIONELLOSIS MINIMISATION

The nominated Site Manager under the NYCC Legionnaires Disease Risk Management Policy is:

Mr Rogers

Risk assessments detailing on-site tasks for the minimisation of *Legionellosis* risk are kept in:

In Hertel file

The person responsible for carrying out the on-site tasks set out in the above assessments is:

Caretaker - BCS

Record showing that the above on-site tasks have been undertaken are kept in:

In Hertel file

#### NOTE

**Site Manager** - The Directorate will nominate Site Manager. This will normally be the Headteacher.

**Risk Assessment** - will be undertaken by Hertel (UK) Ltd. Documentation will then be provided to schools detailing any requirements for on-site monitoring/control tasks (typically temperature recording and flushing).

**Site Operator** - The site manager may nominate a member of staff (the site operator), to carry out the on- site tasks set out in the risk assessment.

**Records** - Records of the on-site tasks must be maintained for monitoring purposes.

**Changes** - to water systems which may effect the level of risk, must be notified to -

**Advice** – Further advice is available from the above and in the NYCC Environmental Services publication 'Water Services Hygiene'.

# ARRANGEMENTS

## WORK AT HEIGHT

**All work at height in the school must be authorised by:**

**Mr Rogers**

**Risk assessments for working at height are to be completed by:**

**Mr Rogers and all members of staff**

**Equipment used for work at height is to be checked by and records kept in:**

**School Governor**

**School  
Management File**

**Training records for persons carrying out work at height are kept:**

**In Health & Safety file**

### NOTE

**Authorisation** - A designated duty holder should be responsible for authorising work at height in the school.

**Risk Assessments** - must be in place for all tasks involving work at height where there is a significant risk of injury. These assessments may be generic for repetitive tasks

**Equipment** - A competent person must periodically check all equipment used for work at height. Documentary evidence of checks should be maintained.

**Training** - should be undertaken by all persons carrying out work at height. As a minimum, relevant staff should be briefed using the HSE 'A Toolbox Talk on Ladder and Stepladder Safety'.

**Further advice on work at height can be obtained from your HandS Safety Risk Adviser**

# ARRANGEMENTS

## EDUCATIONAL VISITS

**Off-site educational visits must be authorised by:**

**NYCC (Evolve) , Mr Rogers**

**The Educational Visits Co-ordinator(s) is/are:**

**Mrs Briscoe**

**Risk assessments for off-site visits are to be completed by:**

**Group Leader**

**The Guidelines for Educational off-site Visits for Schools are kept in:**

**School Office**

**Details of off-site activities are to be logged onto the NYCC database by:**

**School Office**

### **NOTE**

**Authorisation** - A system must be in place to ensure no parties leave the school without the appropriate authority.

**EVC** - All schools must appoint an Educational Visits Co-ordinator to support visit organisers and ensure that the NYCC Guidelines are followed

**Risk Assessment** - must be in place for all off-site visits These assessments may be generic for certain activities such as coach transport but must be site specific with regard to the hazards present at a given venue.

**NYCC Guidelines** – A copy of the off-site visits code of practice and guidelines must be available in the school.

**Database** – All off-site visits must be logged onto the NYCC notification database, either as part of a rolling programme, or as an individual visit.

- **Further advice can be obtained from the Educational Visits Consultant Adrian Clarke / Simon Willis  
Tel: 01609 535943**

# ARRANGEMENTS

## EMERGENCY PROCEDURES – FIRE AND EVACUATION

**The person responsible for ensuring that the fire risk assessment is undertaken and implemented is:**

**Mr Rogers**

### NOTE

You must carry out fire risk assessments, in the same way as you do general health and safety risk assessments.

For escape routes, extinguishers and alarms, you should state who checks, how often and where they are based.

**Escape routes are checked by/every:**

You need a routine in case of fire or emergency evacuation. You should test your alarms and emergency evacuation procedures regularly.

**All staff**

**Daily**

An emergency evacuation drill should be carried out each term and records maintained indicating that this has been done

**Fire extinguishers are maintained and checked by/every:**

**Walker Fire Limited  
Visually Inspected**

**Annually**

**Termly**

**Alarms are tested by/every:**

**BCS - caretaker  
Monks**

**Weekly  
Bi Annually**

**Emergency evacuation will be tested:**

**Termly**

**The Security Co-ordinator is:**

**Mr Rogers**

## APPENDICES

List here any other policies relevant to health and safety and state where they are located. *E.g. Medicines Policy, Educational Visits Policy etc.*
