

My preferences:

Please rank your order of modules as 1st, 2nd or third for **EACH** group of activities.

PHYSICAL		SKILL		CREATIVE	
Allotment Gardeners		Dog Trainers		School Newspaper	
Wildlife Den Builders		Bread Chef Cooking		Mr & Mrs Maker	
Sport & Fitness		Construction		Clay Modelling	
				Drama	

Don't forget to rank your modules for each of the three groups.

SUPER POWER

APPROACHES TO SCHOOL

- Always **LISTEN** to other people and during your learning.
- Remember to **TALK** at the right time—not when other people are talking or when you should be focusing on your learning task.
- **CARE** about yourself, other people and your school.
- Remember to **THINK** about your actions and your learning.
- Use your **MANNERS** in and around school.

The traffic lights will be used in school to remind you if you are not behaving in an acceptable way. If University time is lost then you will have the chance to correct your actions in the first instance and earn it back. In the instance that someone else is hurt due to your unacceptable actions, time will be lost and not earned back.

'Rewarding Positive Behaviour'

Welcome to the University of Bradleys Both

The University of Bradleys Both runs every Friday afternoon during term time from 1.30pm to 2.30pm.

The University of Bradleys Both is linked directly to our Positive Behaviour Policy. Every member of our school earns their membership to our University each week for making the right choices and approaching school appropriately. Every member of our school community begins each week with the full hour reward which is used each half term to complete a chosen module of fun learning.

Any unacceptable behaviour during the week will be reflected in children losing time to attend their University of Bradleys Both module. Children losing time will be expected to sit out of the activity and watch the rest of their group for the agreed period of time.

The children will work in mixed age groups during their half termly modules and so will develop social skills and interactions with the other children, alongside developing and refining a new skill.

The children will be asked to choose modules that they would ideally like to take part in. We ask that the children rank the modules offered in order of their preference. Every consideration will be made to try to ensure that the children are able to complete one of their favourite modules at some point in the year.

Please see the menu of 10 modules on the opposite page to choose from. The modules have been grouped into three groups: Physical, Skill and Creative. The children should rank their choices as 1st, 2nd and 3rd within each group. Each child will then be allocated a module to complete for each half term.

Menu of Modules

Physical	Skill	Creative
Allotment Gardeners Investigate how things in the garden grow. Tend to our school growing beds and make Bradley scarecrows. <u>Please</u> bring wellie boots and old clothes to wear.	Dog Training Learn how to train a dog and find out all about looking after dogs. We hope to arrange for you to meet a Vet Nurse. Fun activities to learn how dogs help people.	School Newspaper Become school journalists and report half termly news. Work together to publish a school newspaper each half term. Take on the roles of reporter, editor, researcher or photographer.
Woodland Den Builders Learn to use natural materials to create and build your own den in our Woodland Wildlife Area. Take part in Woodland Activities. Please bring wellie boots and old clothes to wear.	Bread Chef Cooking Learn to bake and cook a variety of different breads over the half term. Understand the importance of cooking hygienically and working with other people. Who will win the Master Baker award each week?	Mr & Mrs Maker Create and Make something different every single week! Use your artistic and construction skills to create your weekly projects to take home. — just like Mr Maker makes! Sounds like lots of fun!
Sport Fitness A range of health, fitness and sporting activities. Team games grouped as either Key Stage 1 or Key Stage 2 groups. School PE kit with inside and outside footwear please	Construction Join in a variety of construction activities. What can you build with; lego, card, sticks, pegs or straws? Work together to make a model of Bradley village	Clay Modelling Crafting activities using modelling clay to explore. Make your themed models and decorate to take home.

What will you
choose
to do?

Drama
Lots of creativity, energy and imagination in our weekly drama games and activities. Gain confidence with taking on acting roles.
